Scottish Influences at The Westin Kierland Resort & Spa

In keeping with the Resort's "Essence of Arizona" theme, the award-winning Scottish Traditions at The Westin Kierland Resort & Spa serve to pay homage to the contributions made by the Scottish immigrants to the development of Arizona's railroads, mines and towns. Guests will find themselves emerged in Scottish traditions through the Resort's "Scottish Pipes at Sunset Series," "Saturday Night Scotch Tastings," the "Scottish Golf Experience," Scottish-themed wedding ceremony package, Bagpiper mascot and even "Scotty" the Scottish Terrier.

“Scottish Pipes at Sunset Series”

The “Scottish Pipes at Sunset Series” is the original tribute to the Scottish immigrants where every evening guests and families are encouraged to gather around the fire pit at the Resort’s Dreamweaver’s Canyon to enjoy the haunting sounds of the Scottish Bagpipes with Michael McClanathan, a bagpiper with 40 years of experience. The Resort is well known for the “Bagpipes at Sunset” nightly performances and has been a mainstay at the Resort for several years.

“Scottish Golf Experience”

The presence of the bagpiper also serves to bring in the golfers after a great game of golf at the Kierland Golf Club, where golfers can try the “Scottish Golf Experience.” Kierland Golf Club offers Scottish kilt rentals for those golfers who would like to try golf, the “Scottish way.” Unique Johnnie Walker beverage carts, serving Johnnie Walker Blue, Johnnie Walker Gold and Johnnie Walker Green, help golfers toast to the game of golf with the perfect Scotch. Also unique to Kierland Golf Course and the Scottish influences are the Johnnie Walker Flags that represent the different labels of the Johnnie Walker Scotch Line.

“Saturday Night Scotch Tastings”

Continuing on the Scottish traditions and influences in Arizona highlighted at The Westin Kierland Resort & Spa, the Resort’s Ali-Shonak Library at the Rim Lobby Bar offers “Saturday Night Scotch Tastings” featuring a variety of top shelf tastes. Guests from novice to expert scotch drinkers can taste a showcase of the most notable scotches while learning everything from the differences between the labels to the various ways to drink the popular liquor. Each tasting will offer a variety of labels in a beautiful setting and an abundance of knowledge to take home with you. If scotch isn’t your thing, try our Tequila Tastings, rotating each week of the Summer! “Saturday Night Tastings” are offered from 5:30-6:30pm weekly, for \$35 per person. For reservations or more information, call 480.624.1268.

Scottish-themed wedding ceremony package

The Westin Kierland Resort & Spa also offers a customized Scottish-themed wedding ceremony package, where guests can incorporate the many Scottish influences into their special day, whether it is donning traditional kilts and Scottish formalwear, having a bagpiper play during the ceremony, a toast of Johnnie Walker Scotch or even adding a game of golf the “Scottish way.”

The Bagpiper Mascot Named by Resort Friends – “FERGUS!”

The Westin Kierland’s Bagpiper Mascot has officially been named, “FERGUS”! “Fergus” is a popular Irish and Scottish given name, meaning “the chosen one.” Although it is a relatively rare name, it is still very popular among the Scottish nobility and gentry. The mascot is modeled after the bagpiper that plays at sunset each evening during unwind hour, and the unique Scottish traditions of The Westin Kierland Resort & Spa. The winning name was selected from several submissions for our “Name the Westin Kierland Mascot” Contest. The Resort offered a two-night stay grand prize to their loyal guests, as well as through various marketing channels for the winning submission. Fergus is a very special addition to the FUN Team, and makes frequent appearances to the many Family FUN events and activities throughout the year.

“Scotty” The Scottish Terrier – Newest Member of the FUN Team

Meet The Westin Kierland’s four-legged mascot, Scotty, the Scottish terrier rescue. Scotty has joined the Westin Kierland’s FUN Team to offer a friendly wag to the four-legged guests, or a clever trick to put a smile on the face of the two-legged guests. He enjoys long walks around the property, and afternoon naps on his Westin Heavenly Dog Bed.

Resort Shows Associate's Artwork at Signature Restaurant, deseó

The Westin Kierland Resort & Spa's signature restaurant, deseó, has transformed into an art gallery, showcasing the work of Cuban artist and Resident Artist, Nelson Garcia-Miranda. Garcia, who worked as a steward at the Resort, came to Phoenix in 1999 after seeking political exile from Cuba. His paintings are a depiction of life as he remembers it in his homeland. They are saturated with the exuberance of the tropics as they embody the tales of the Cuban countryside, bringing to visual representation fables and stories of cagüeiros (sorcerers who become animals), and güijes (Cuban goblins). Garcia's work perfectly complements the décor of deseó, which is a celebration of Nuevo Latino cuisine and culture.

Agave, the Arizona Spa is into Seasonal Eating

In the relaxing atmosphere of the Agave Spa, a wellness focused, full-service spa at The Westin Kierland, Michele Rusinko is teaching Resort guests and locals the benefits of Seasonal Eating. Her main focus is the dietary theory, Ayurveda, which means the science of life, (*Ayur* = life, *Veda* = science or knowledge). Ayurveda is believed to be one of the oldest healing arts of all time. According to Ayurveda, diseases often start with improper digestion maintaining that if you eat the wrong foods, your body can't be expected to process the impurities, resulting in clogged drains. Along with a simple yoga practice, Ayurveda detoxifies the body, and is also a preventative way to purify the body, mind and soul. Michele Rusinko teaches this dietary theory through a cooking demonstration at her Seasonal Eating class at 11:30 every Saturday at Agave, the Arizona Spa. The class costs \$25 per person and includes a prepared meal. Expect to learn a lot about Ayurveda's 3-season diet, and how it works along with the body's natural response to the changing seasons. Taste some unbelievable (yet, healthy) recipes and learn how to embrace a healthy lifestyle by creating simple dishes that are delicious and nutritious. Guests are encouraged to come for the Seasonal Eating cooking demonstration, and stay for a yoga class offered by the Agave Spa for a full day of wellness inside and out.

Rusinko is a certified Health Coach through the Institute for Integrative Nutrition, educated and trained on more than 100 dietary theories and a variety of practical lifestyle coaching methods. After spending many years in sales and marketing career, her passion propelled her into building a new career in nutrition and fitness helping others achieve optimum health and happiness. Rusinko is also a certified personal trainer and group exercise instructor, and shares how to incorporate exercise with healthy eating for balanced energy, mood and weight.

For more information on the Seasonal Eating class, or to reserve a spot, call 480.624.1202, or visit www.kierlandresort.com.

New Flower Essence Nail Therapies

Agave, The Arizona Spa is now offering a new Flower Essence Nail Therapy. This nail therapy is one that awakens one's inner and outer beauty with energetic infusions of flower essences. It offers true self balance by combining a signature manicure and pedicure with organic products that capture the senses – see, touch, taste and smell. The flower essences are hand-collected worldwide from the planet's most precious, exotic and healing flowers.

Upon arriving for this treatment, spa-goers are shown a card with images of different flowers, and asked to select the one stands out on the page. Plants and flowers offer specific healing qualities at specific times, and selecting the flower is thought to bring to surface the area within yourself that is off balance. The chosen flower determines which products are used throughout the therapy. After selecting the flower, the nail technician explains the healing benefits of the flower that was chosen. A warm neck wrap is offered, along with the flower essence elixir to drink. The elixir is thought to begin the sensual healing process. Then, the guest closes their eyes while receiving an energy mist in the air surrounding them. This incorporates a delicate smell, while feeling the droplets of the mist fall on your face, hands and feet. A flower essence sugar scrub is used to exfoliate the hands and feet, followed by a flower essence oil and serum during a relaxing massage for intense hydration. The guest is left to rest after having their hands and feet wrapped in warm towels. Both the manicure and pedicure include soaking, filing and cuticle work, finished off by the nail polish of choice.

This treatment enhances clarity, peace and happiness. For the same price as the Agave Signature Nails - \$69 for manicure, \$89 for pedicure, the Flower Essence Nails offers immediate positive effects on mood and state of mind.

Experience Eastern Essence at Agave, the Arizona Spa

Begin a new journey toward “wellness” at The Westin Kierland Resort’s Agave, the Arizona Spa. Eastern Essence is a series of treatments combining Traditional Chinese Medicine and other holistic modalities that support the body’s own healing mechanisms. Many internal diseases or chronic conditions can benefit greatly from the following therapies:

Acupuncture is the insertion of very fine needles on the body’s surface, in order to influence physiological functioning of the body (i.e. enhance the body’s innate ability to restore itself to full health). This unique eastern essence therapy is the perfect opportunity to find out where your body is out of balance, and discover a new method of healing. Most diseases and disharmonies can be traced to a particular imbalance, and Acupuncture can help restore the body’s sense of “well-being.”

Prior to this treatment, a complete health questionnaire is completed. The treatment is then customized based on an individual's specific needs. Much like other types of wellness care, the benefits of Acupuncture are most prevalent in those who experience a series of treatments.

Tui'Na is a unique massage and a 5,000 year-old Chinese tradition that seeks to establish a more harmonious flow of Qi and blood, allowing the body to naturally heal itself. Most diseases and disharmonies can be traced to an imbalance of yin and yang energies within the human body. The rebalancing will help alleviate painful symptoms from digestive disorders, stress, PMS and fatigue. Tui'Na uses a variety of hand techniques to stimulate acupoints, activate the flow of Qi and manipulate the soft tissues and articular relationships of the body.
